

# CALENDAR

2023 - 2024

Cover by Sofía Torres

## MISSION

We prepare minds and hearts to face the challenges of the future.

## VISION

Be a community whose members are acknowledged for transforming and making a positive impact on their surroundings.

## Imperatives

1. Strive for excellence, understood as helping each student to reach their potential from an integral perspective
  2. Develop international mindedness
  3. Promote social and environmental responsibility in the CCB community
  4. Strengthen our sense of belonging as one community
  5. Ensure that human talent/staff is motivated and competent
  6. Ensure financial and administrative management sustainability
  7. Ensure innovative physical and technological infrastructure
- 

*The CCB is authorized to offer three programmes of the*  
**International Baccalaureate Organization**

**Primary Years Programme (PYP):** (Nursery - 5th grade). The PYP prepares students to become active, caring, lifelong learners who demonstrate respect for themselves and others and have the capacity to participate in the world around them. It focuses on the development of the whole child as an inquirer, both within and beyond the classroom.

**Middle Years Programme (MYP):** (6th-10th grade). The MYP is a challenging framework that encourages students to make practical connections between their studies and the real world.

**Diploma Programme (DP):** (11th-12th grade). Research suggests that there are many benefits to choosing the DP. The programme aims to develop students who have excellent breadth and depth of knowledge – students who flourish physically, intellectually, emotionally and ethically.
